Draft EIR EIS Purpose Statement\_psi\_6-17-11.docx

Karen,

The attached Purpose Statement is from the most current (July 2010) version of Section 2.2 of the BDCP EIR/EIS. Given the consultant's on-going work slowdown, no further changes to this section have occurred since then. Our plan is to include the same interpretational language as contained in the response to EPA's letter to Reclamation, USFWS, and NMFS (EPA letter dated June 10, 2010) in Section 2.2 of the EIR/EIS by adding a paragraph to the attached text. Looking forward to discussing this issue in more detail at our meeting with the Corps and EPA next Wednesday.

As we talked about this morning, we'd like to see chapter 2 of the draft EIS that Federico referenced. Sounds like it will help as we resolve the Purpose and Need issues. It could be that I can access it thru the BECT site - but its been so long I've lost my access info. Thanks!
